

GROTTO PARADE ATTRACTS NOON CROWDS TODAY

Bill Fitzsimmons and Frank Canedy feature presentation on Second Avenue.

Here and office attaches went to lunch this noon to see the parade of the Amoo grotto, which marched up Second avenue as a free attraction. The Minstrels De Luxe to be given under their auspices tonight, Friday and Saturday nights.

Following the marshal and his aides, W.P. Frank and Harry Knox, came the big and little of the parade—Bill Fitzsimmons, robed in a pink gown, and Frank Canedy, in an orange and red costume. Those who could see behind Bill Fitzsimmons saw the Grotto band in uniform, with Keith Collins as leader. Members of the grotto in minstrel uniform followed.

The church, closing at the noon hour, was witnessed by crowds lined along Second avenue. The Minstrels De Luxe, given by members of the grotto, with special feature numbers, will open its three night run at the Illinois theatre this evening.

SIXTY MILLIONS FOR FARMER AID

Senator Hitchcock of Nebraska Propose Immediate Loan from Government Funds.

Washington, Dec. 2.—Immediate loans of \$60,000,000 from government funds to aid farmers in the face of falling prices of their products is proposed by Senator Hitchcock, Democrat, Nebraska, in a bill drawn today after a conference with Governor Harding of the federal reserve board. Senator Hitchcock plans to present the measure when congress next meets.

The money which Senator Hitchcock would have advanced to the farmers is the government's share in profits of federal reserve banks payable next month and which under the law would be used to increase gold reserves or amortize Liberty bonds.

Loans would be made through the federal land banks on chattel mortgages or warehouse receipts with agricultural products or livestock as security. Loans on grain would be limited to six months and those on livestock to one year.

"This would be only a drop in the bucket toward meeting the enormous needs of agriculturalists," said Senator Hitchcock, "but it would have a good effect beyond the actual amount of money made available." Opposition to the revival of the war financial corporation was expressed today by Senator Edge of New Jersey, member of the senate committee on reconstruction. The New Jersey senator declared he would support no measure for relief of the farmers which did not afford relief "for the other 99 per cent of the population."

UTILITY BOARD ALLOWS RAISE

Springfield, Ill., Dec. 2.—An increase in rates for power electric service, sufficient to increase revenue to \$2,400 a year was granted the Alton Gas & Electric company by the state public utilities commission today. Authority was also given to continue in effect present regular power service rates.

Gas and water rates in South Beloit were increased to conform to rates recently granted in Beloit by the Wisconsin commission. New gas rates increase the rate from \$1.25 to \$1.75 per thousand cubic feet.

Increased water rates, effective immediately, were granted to the East St. Louis & Interurban Water company. Advanced rates were also granted Edinham.

A Stubborn Cough Loosens Right Up

This home-made remedy is a wonder for quick results. Easily and cheaply made.

Here is a home-made syrup which millions of people have found to be the most dependable means of breaking up stubborn coughs. It is cheap and simple, but very prompt in action. Under its healing, soothing influence, chest tightness goes, phlegm loosens, coughing becomes easier, tickling in throat stops and you get a good night's restful sleep. The usual throat and chest colds are conquered by it in 24 hours or less. Nothing better for bronchitis, hoarseness, croup, throat tickle, bronchial asthma or winter coughs.

To make this splendid cough syrup, pour 2½ ounces of Pinex into a pint bottle and fill the bottle with plain granulated sugar syrup and shake thoroughly. If you prefer use clarified molasses, honey, or corn syrup. Instead of sugar syrup. Either way, you get a full pint—a family supply—of much better cough syrup than you could buy ready-made for three times the money. Keeps perfectly and children love its pleasant taste.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its prompt healing effect upon the membranes.

To avoid disappointment ask your druggist for "2½ ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

Physicians the world over recommend the inside bath, declaring this is of vastly more importance than outside cleanliness, because the skin pores do not absorb impurities into the blood, causing ill health, while the pores in the 10 yards of bowels do.

Men and women are urged to drink each morning, before breakfast, a glass of hot water with a teaspoonful of lime-soda phosphate in it, as a harmless means of helping to wash from the stomach, liver, kidneys and bowels the previous day's indigestible material, poisons, sour bile and toxins; thus cleansing, sweetening and purifying the alimentary canal before eating more food.

Those who wake up with bad breath, coated tongue, nasty taste or have a dull, aching head, sallow complexion, acid stomach; others who have bilious attacks or constipation, should obtain a quarter pound of limestone phosphate at the drug store. This will cost very little but is sufficient to show the value of inside bathing.—(Adv.)

Good Looks
Good looks in women does not depend upon age, but upon health. A woman's health depends more upon the feminine make-up than upon anything else. You never see a good-looking woman who is weak, run-down, irritable, out of sorts, fidgety and nervous. Headaches, backaches, dragging-down feelings, irregularities and troubles of that sort are all destroyers of beauty. Men do not admire sickness.

Dr. Pierce's Favorite Prescription not only acts upon the troubles and weaknesses peculiar to women, but is an all-round tonic that braces the entire body, relieving nervousness, sleeplessness, indigestion, etc.

OFFICERS FOR LEGION NAMED

Brownman Names Appointive Heads—Installation Will Be Held Next Tuesday.

Appointive officers of the Rock Island chapter of the American Legion were announced today by Dan K. Brennan, commander. The following men will be installed at the next meeting of the legion to be held Tuesday evening:

Sergeant at arms—Herbert Asid.
Officer of the day—Cyrus Rinck.
Officer of the guard—Frank Emig.
Inner guard—Albert Ehler.
Outer guard—Leonard Bengtson.
Color bearer—Arthur Huber.

Installation of the appointive officers will be held in the new lodge room of the legion quarters, which are being put in shape this week. Beside the installation there will be reports by the chairman of the executive committee and of the membership campaign committee.

The legion will set a time for the launching of "Legion Week," which will probably be held after the holidays. The idea of the week is to get the city interested in the work of the organization and to build up the membership. The week will close with a big mass meeting of all ex-service men at the legion rooms.

The executive committee met at the Y. W. C. A. yesterday noon, each committee chairman reporting on the various activities. It was reported that the remodeling of the rooms is well under way, that rugs have been added to the small rooms and partitions have been moved so as to provide a meeting place upstairs for the regular sessions.

JAP GIVES LECTURE.

(Special to The Argus.)
Galesburg, Ill., Dec. 2.—Radical differences in the customs and forms of government of the United States and Japan were given as the causes of present difficulties between those two nations, by Dr. K. Kawabe, instructor of sociology at the University of Chicago, speaking at the Y. W. C. A. yesterday noon. He explained very interestingly the situation existing between the two nations, himself a native of Japan.
